Dear PVS Families,

Happy New Year! We hope your New Year is off to a great start and your Christmas was blessed with family and friends. A very special thank you to Matt Baughman and Brian Williams for volunteering their time and equipment to provide professional audio and video for our children's program. We would also like to thank everyone who was able to come out and support our "Children's Christmas Celebration," it could not have been done without you and your precious little ones. It was so much fun! Brian has created and made available to each of you a professional DVD of the children's performance. Please let us know if you would like a DVD. Once again, thank you Brian for your time, resources, and professionalism! We had some technical difficulty with PVS' camera during the celebration and unfortunately were not able to get the quality and number of pictures we had hoped for. We would be very grateful to those willing to share some of the moments they were able to capture with us. Please email any pictures you would like to share to [info@pleasantvalleysprings.com](mailto:info@pleasantvalleysprings.com).

Throughout the month of January, we will continue to have fun while learning. We will explore the Arctic Ocean environment, as well as the element of snow and the animals that live in the Arctic.

Once again we would like to thank all of our parents for giving us the opportunity to partner with them in creating an environment where our children are enriched, nurtured, and cherished!

### Dates to Remember

#### *Birthdays*

Carlye - January 7<sup>th</sup>

Myah - February 6<sup>th</sup>

### Important Notes

#### **Bad Weather**

If the Canby Schools are closed due to bad weather, we will usually be closed. We encourage everyone to bundle their little ones up with extra warm clothing during this colder season. The children love to play outdoors and warmer clothing will enable us to spend more time outside.

#### **Driveway Safety**

Just a reminder to please drive slowly and with caution into our parking area. We appreciate your awareness and caution.

Also be sure to drive completely through the gates since they close automatically. One last thing we ask is that you do not share the gate code with others in an effort to keep PVS as secure as possible.

Thank you!
