Dear PVS Families,

We hope all of you were able to enjoy family, friends and delicious food this past Thanksgiving!

The children are really growing as a classroom family and as time passes, they are learning everyday how to respect and care about their other classmates. We are working hard on our trip around the world. We have visited most of the countries in North America. Miss Somjai is excited that they will be continuing their journey around the world with the children. When the children are not engaged in activities that revolve around their travels, they will be working on holiday projects. The children are very excited about the holidays and they love doing projects, singing, and dancing with their friends in the classroom. PVS wishes all of you a healthy happy holiday season.

Our annual Children's Christmas party will be on December 19th. We have invited a very special guest joining us in our celebration. Please be sure to bring your cameras. We are also asking that you bring a favorite

entrée, side dish, appetizer, or desert treat to share. We will provide a list for you to let us know in advance what you would like to share.

We are looking forward to a great holiday and a wonderful start to the New Year being together, having fun, learning and growing as a classroom family!

We have been discovering with the children the differences between living and non-living things. Our focus has been upon North America. It has been such a pleasure to see the excitement in your children's eyes while learning.

Once again we would like to thank all of our parents for giving us the opportunity to partner with them in creating an environment where our children are enriched, nurtured, and cherished!

Paint a Picture

If you add pictures to other parts of your newsletter and want to match the cool, two-part border on the photo you see at the top of each page, just paint it!

Format Painter, on the Home tab of the ribbon, works for graphics just like it does for text. All you do is select a photo that contains the formatting you want, click Format Painter, then click the photo where you want to apply that format. Wasn't that fun?

November Birthdays

Tables Aren't Just For Numbers

The shaded and bordered areas of this template are created using tables. In fact, when you add a table in this template, you'll get that formatting automatically.

On the Insert tab, click Table and you're on your way!

To make it even easier, after you click Table, choose Quick Tables and you'll see a sample table that's been formatted to match this template exactly.

A Quick Sidebar...

If you add another page, you can also add a new sidebar.

Just click in the first paragraph on the new page. Then, on the Insert tab of the ribbon, click Text Box to choose either of the sidebar layouts you see in this template.
